Quality Policy

Tototheo Maritime is committed to continual improvement, meeting internal and external requirements, providing a basis for the establishment and review of the quality objectives, and provided services as per below:

- Sales, Installation and Servicing of Marine Communication and Navigation Equipment
- Inspections and Servicing of Marine Communication and Navigational Equipment in Accordance with Statutory Regulations
- TM Synergia software Solution

Systematically achieving the expected results on a timely manner, with the most efficient and effective way are the key goals of the quality policy.

In pursuit of our quality objectives, we have developed and implemented a Quality Management and Quality Assurance System according to the International Standard ISO 9001:2015 for the services delivered to our customers, as described in our Quality Manual.

Based on the experience and capability of all members of our personnel and on our company's capacity, resources, and Quality targets we look forward meeting the expectations of interested party relating to quality, service, delivery time and value for money, as well as to the long-term growth, competitiveness, and success of our business at national and international level.

Quality policy is communicated, understood, and applied within the organization, via Intranet and is available to relevant interested parties of the company, via company's website.
